

**Programme on**  
**“Astrophysical Origins: Pathways from Star Formation to Habitable Planets”**

**June 17 – August 2, 2019**

**organized by**

**Manuel Güdel (U Vienna), Ramon Brasser (ELSI, Tokyo), Theresa Lüftinger (U Vienna),  
Stephen Mojzsis (U of Colorado, Boulder)**

**Week 3**

**July 1 – 5, 2019**

• **Monday, July 1, 2019**

09:00 – 09:30 **Registration**

09:30 – 10:00 **Coffee and Welcome!**

10:00 – 11:00 **Oleg Kochukhov**  
*Stellar magnetic fields*

11:00 – 12:30 **Free discussion amongst participants**

12:30 – 14:00 *Lunch Break*

14:00 – 15:00 **Rachel Osten**  
*CMEs*

15:00 – 17:00 **Open forum for general discussion**

• **Tuesday, July 2, 2019**

10:00 – 11:00 **Karan Molaverdikhani**  
*Planetary atmospheres*

11:00 – 12:30 **Free discussion amongst participants**

12:30 – 14:00 *Lunch Break*

14:00 – 17:00 **Open forum for general discussion**

• **Wednesday, July 3, 2019**

10:00 – 11:00 **Valdimir Airapetian** (impromptu)  
*Relating Planetary atmospheres and Stellar activity*

11:00 – 12:30 **Free discussion amongst participants**

12:30 – 14:00 *Lunch Break*

14:00 – 15:00 **Christiane Helling**  
*Clouds*

15:00 – 17:00 **Open forum for general discussion**

• **Thursday, July 4, 2019**

10:00 – 11:00 **Inga Kamp**

*Astrochemistry*

11:00 – 12:30 **Free discussion amongst participants**

12:30 – 14:00 *Lunch Break*

14:00 – 15:00 **Steve Mojzsis**

*Hadean Earth/geochemistry*

15:00 – 17:00 **Open forum for general discussion**

19:00 **Workshop Dinner at Heurigen “Fuhrgasslhuber”**

• **Friday, July 5, 2019**

10:00 – 11:00 **Sudha Rajamani**

*Prebiotic and biochemistry*

11:00 – 12:30 **Free discussion amongst participants**

12:30 – 14:00 *Lunch Break*

14:00 – 17:00 **Open forum for general discussion**

**All talks take place at ESI, Schrödinger Lecture Hall!**
